THE BAKERY & CAKES

While many things have changed around here since Scottish Bakehouse opened in 1961, we are still your Vineyard source for traditional Scottish shortbread and shortbread pies. In addition, we bake a cornucopia of options for your dietary needs including Gluten Free and/or Vegan cookies, fruit crisps, flourless chocolate cake, and brownies and assorted daily Paleo cookies and bars.

We are also proud to feature a wide variety of our homemade bread as well as artisanal bread from Cinnamon Starship which uses local ingredients and traditional bread-baking methods.

Looking for a cake to celebrate someone special? Our cake menu is extensive. Order in-person at the Bakehouse or online, and let us know if you're looking for something that you don't see. We offer very simple decoration (piping, hand-drawn flowers) but please request and we'll do our best to accommodate. 48-hour notice required.
